

Give Your Roof A Boost.

It's easy to achieve the beauty of an authentic mortar-boosed clay roof with our Boosted Cap tiles. These individual Boosted Cap pieces are available in all of our colors, including our new Artisan Series. Simply select a Boosted Cap color to complement your Capistrano tile. To customize your look, contact your Eagle Representative or Design Center for help combining colors.

Choose a Boosted Cap accessory piece to go with your base Capistrano field tile. Then decide how much "Boost" to use and how you would like your mortar to look. Some prefer a neat treatment, while others like an authentic look. No matter your choice, your new Boosted Eagle roof will be beautiful for years to come.
